

SAWTOOTH

THE ELEVATED TASTE OF IDAHO WINES

2014

RIESLING

Aromas and flavors of apricot and citrus lead to light minerality, gentle lime and a smooth tart finish.

VINTAGE NOTE

For 2014, Snake River Valley winemakers and vineyard teams were pleased with the growing season, which was long and ideal, with no major weather events. Summer was phenomenal for growth and a warm extended fall allowed the grapes to come to peak ripeness. Harvest began in early September and ran through late October. Idaho growers produced 2,472 tons of wine grapes in 2013—considered a rough year landing below the five-year average of 2,816 tons. But yields in 2014 were at least 20 percent above the previous year, edging the total in 2014 to be an above-average year in quantity as well as quality.

AVA

Snake River Valley, Idaho

HARVESTED

October 2014

BLEND:

98% Riesling,
2% Muscat Blanc

CASES PRODUCED

980 cases

STATISTICS
